“ Loved spending time with you and thank you for being my companion on my way home from work. Some days even having Paulie along for the ride. Our many trips to the Borgata and sometimes even staying in the FIORE Suite. The Comedy club, Bingo, The Metropolitan or Buffet on a good day or Bread & Butter other times. We mostly laughed and you sometimes lectured but always in good faith.

I know this Covid quarantining was driving you nuts and unfortunately even though you were never affected and we protected you -Cancer had to re enter your life. This pandemic is not easy but it did have a silver lining - it give us the opportunity to see each other almost everyday and gave us more time together. I will miss you and love you always
