“ I met Marilyn when I was about 18 years old and had just started dating her cousin, Keith Maehrlein. I met the whole family at the same time and I was amazed how much louder these Maehrleins were compared to Keith's Maehrleins!

I remember how much Marilyn laughed and made everyone around her laugh and I remember that I enjoyed all the sisters because they were all so different.(Sorry Bobby you were too little for me to get to know.)

I didn't get to spend a lot of time around Marilyn and her family but when I was with her, she always made me smile. I always felt like Marilyn was the center and everyone else just "spun" around her.

I know she will be missed not just by her family but anyone who was lucky enough to know her.

Love, Gay Maehrlein
